

CREEPER AQ PLUS Low Fog Generator

CREEPER AQ PLUS is a powerful water based low fog generator, different from most of low fogger on the market, CREEPER AQ PLUS based on ultrasonic technology, the main consumable is purified water, no need dry ice, ensure it not only environmental friendly, but also more cost effective. Comparing with CREEPER AQ, PLUS with more powerful fog output and larger coverage. It is an ideal low fog generator for theater and professional market.

Features

- \ Molded enclosure, lighter, durable as well as rustless
- \ More atomizers, thicker fog output
- \ Weather proof design
- \ Advanced auto water refill system
- \ Low-fluid and low-water sensor
- \ Multi-optimized air supply system, ensure farther and more uniform fog output
- \ Adjustable fog density, moisture and fan speed, versatile application to meet different requirements
- \ Patented fog leakage prevention technology, no fog leakage even refill the machine when it is working
- \ 3L fluid tank
- \ User friendly LCD control panel
- \ DMX control, 2/3 channels optional
- \ Wireless remote control
- \ Seetronic® IP65 rated 3-pin and 5-pin XLR connector

Specifications

Dimension

950 x 500 x 485 mm

Net Weight

52 kg

Input

200-240VAC, 50/60 Hz

100 -120VAC, 50/60 Hz

Work power

2300W

Heat up time

4-5min

Fog output

20000cuft/min

Fog fluid tank capacity

3L

Water tank capacity

35L

Interface

3-pin & 5-pin XLR

Control

DMX, 2/3 channels

Remote control
