

TECHNICAL DATASHEET

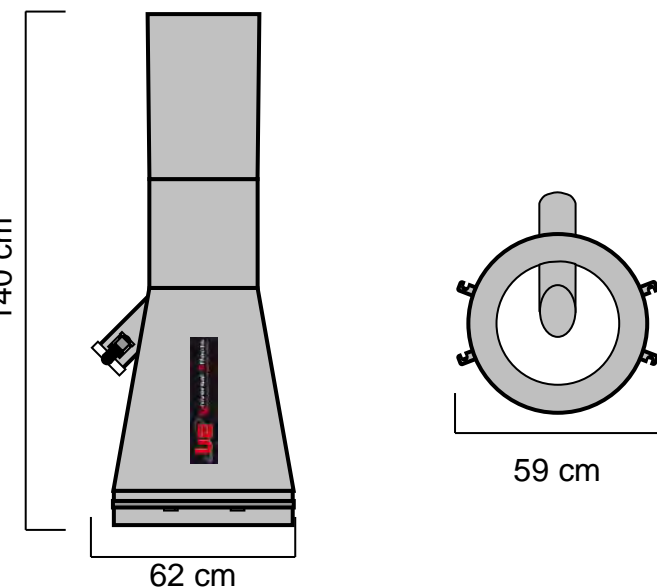

UE Head Projection 500

Item Code : PFFPJ001219

The UE Head Projection is simple and powerful and guarantees you reliability.
The confetti is sucked by the venturi effect and propelled over a distance of 20 to 25m, depending on the model used.
It will allow you to continuously project a large number of products such as stage confetti, snow paper, flower petals, popcorn, foam balls, etc.
As an option, it is advisable to use our manual feed tank or our suction pipe.
